

## **Michael Moses**

### **Director, Gas Control & Planning West TransCanada, US Gas Pipelines**

- Responsible for Gas Control, Facility Planning and Operations Planning
- ANR & Storage, Great Lakes Gas Trans., Northern Border, Bison, GTN, Tuscarora, North Baja
- Currently installed: 396 Units, 2.6 Million HP
- Recent West Projects: Unit replacement on Southeast Mainline, Satellite Collierville C.S., Wisc. Expansion with Incremental HP, Joliet repurpose of Existing Unit
- Fun Fact: The only professional job I've interviewed for was my co-op with ANR Pipeline in 1998.
