

1SETPOINT™

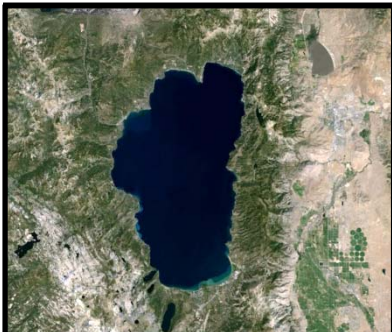

Using the OSIsoft PI System for full-featured vibration condition monitoring

Gas Electric Partnership Conference | February 18 & 19, 2015

Presenter: Glenn Poché – Regional Sales Leader | SETPOINT Vibration

Who is SETPOINT?

20 minutes from
Lake Tahoe

Machinery Protection

Condition
Monitoring

The PI System
+ CMS

6

...it can't display those types of plots!

...and there isn't enough bandwidth!

...and it's too much data!

...and it's far too slow!

...and besides, we're SPECIAL!

DCS

Process

Turbine

Motor

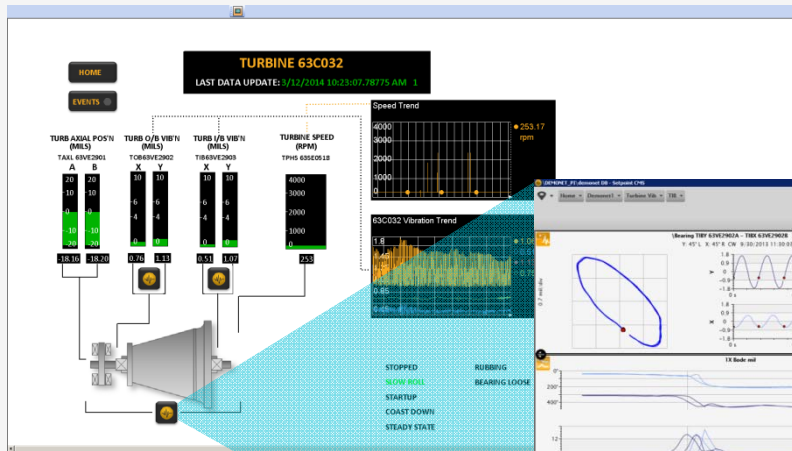

Overspeed

Surge

ESD

Vibration

All of your data is now in the PI System database...

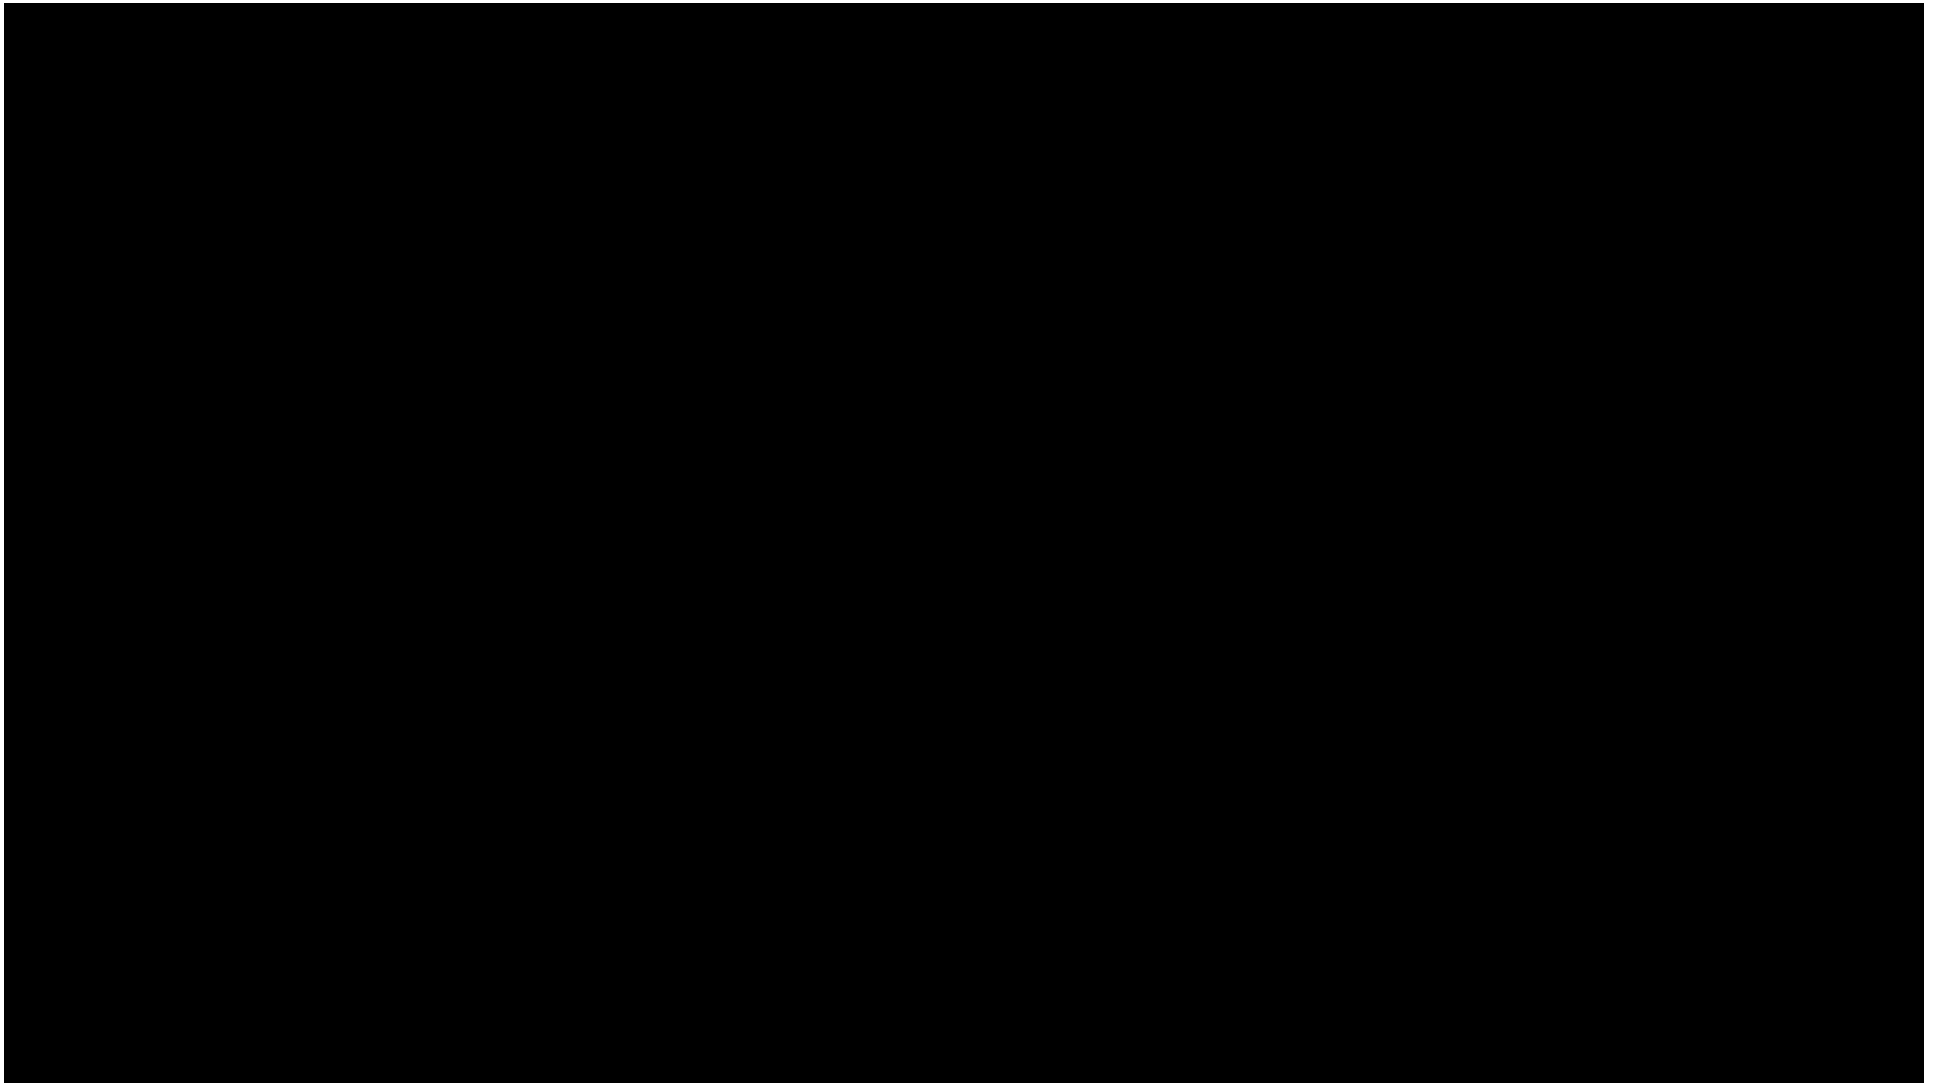

So you can view it with PI ProcessBook software...

...and easily drill down to our display app
